SKILLS

- **Languages:** C++, JavaScript, C, Python
- **Frameworks:** HTML and CSS, MySQL
- **Tools/Platforms:** VS Code, GitHub, Figma, MongoDB
- **Soft Skills:** Problem-Solving, Leadership, Adaptability

PROJECTS

- **Smart Water Level Monitoring System:** 2025

An Arduino-based system that monitors the water level in a tank or container using a water level sensor, which detects the presence and level of water and sends readings to the Arduino for processing. The system provides visual and audio alerts via an LED and buzzer when the water reaches a set level, with an optional LCD display showing real-time water-level status to help prevent overflow and reduce water wastage.

Tech: Arduino, C++, Water Level Sensor, LED, Buzzer, LCD Display

- **Community Development Project — Cybersecurity Awareness:** 2026

Carried out as part of the WNS Cares community initiative to promote awareness of cybersecurity and safe digital practices. Educated participants on common online threats such as phishing, online scams, weak passwords, and data privacy, through informative content and awareness activities highlighting practical ways to stay safe online. Aimed at encouraging responsible digital behavior and improving basic cybersecurity awareness within the community.

Tech: Cybersecurity Awareness, Canva, Community Outreach, Content Development

CERTIFICATES

- Leadership Fundamentals Oct 2025
- Time Management Jan 2026
- Yoga and Fitness Mar 2026

EDUCATION

- **LOVELY PROFESSIONAL UNIVERSITY** Punjab, India
Bachelor of Technology (Currently)
- Computer Science and Engineering with AI & ML; CGPA: 7.73 Since Aug 2025
- **SRAP COLLEGE** Bara Chakia, Bihar
Intermediate; Percentage: 73% Apr 2022 – Feb 2024
- **C M MEMO HIGH SCHOOL** Motihari, Bihar
Matriculation; Percentage: 87% Apr 2021 - Feb 2022
